Workshop Schedule:
Class separated into two groups
Breakfast, lunch and snacks provided

7:00 am - 8:00 am
Breakfast

8:00 am - 12:00 pm
Innovations in Removable Prosthodontics
Presenter: Jay Sober, CDT • Sponsored by Ivoclar/Vivadent 4 CE Hours
This 4 hour demonstration course features tooth setup made simple using the Stratos® Articulation System and wax contouring and characterization using the Candulor® Esthetic wax color set. Also covered, will be processing with the SR IvoBase® Press Injector and gingival characterization using the new SR Nexco® Gingiva light curing characterization kit.

8:00 am - 12:00 pm
TruExpression
Presenter: Kristi K. Neff, CDT • Sponsored by: Dentsply 4 CE Hours
This 4 hour “hands-on” bench program concentrates on Esthetic and Functional concepts concerning TruExpression anterior and posterior tooth arrangements. A Plane of Orientation as well as specific anatomical landmarks for natural tooth position will be illustrated. Articulator settings necessary to achieve accurate bilateral working and balancing contact are discussed. Workshop participants set up complete upper and lower dentures utilizing Dentsply TruExpression anteriors and 10° posteriors in balanced occlusion. A 1x28 of the TruExpression teeth employed during this program along with baseplates, portfolios, etc. become the property of each participant.

12:00 pm - 1:00 pm
Lunch

1:00 pm - 5:00 pm
